
DIED.

Mrs. MARTHA L. WHEELLOCK, wife of Hilto. H. Wheelock, died Nov. 21, 1865, aged 22 years.

Early in Oct. she went to take care of her sister, living in Ellicottville, Cattaraugus Co., sick with Typhoid Fever; while there she was taken with the same disease. Soon after she was taken sick, her husband by the advice of the physician removed her to her fathers, Edward Merris, in Boston. She was very anxious from the first to get home. Though gratified in this, not home nor friends could change the work of death. As death drew near, she cast herself upon the great Atonement, and obtained the victory. Her sweet and amiable disposition won a large circle of friends that deeply mourn her early departure to the home of the blessed. L. A. C.
