

Ada Pinney, a 16 yer-old girl of Andover, was accidentally shot by her brother-in-law, Frank Lombard, and died Thursday, after intense suffering. Lombard was examining his gun, which he held over his knee, when it was discharged, the charge of shot entering the girl's hip and penetrating the bladder. The house is five miles from the village and it was several hours before medical aid could be had. All the circumstances seem to indicate that the shooting was purely accidental.
