
FELL TWENTY FEET.

Lester Hopson, of Wells, injured at Lake St. Catherine.

Wells, Feb. 27.—While working for the Northrup Ice Co. at Lake St. Catherine yesterday Lester Hopson, of this place, was seriously injured by a fall of 20 feet from a platform on the frozen surface of the lake.

Mr. Hopson was standing on a platform connected with one of the slides of the ice house when a large cake of ice from the slide knocked him from the platform to the ice below. When picked up the man was unconscious. No bones were broken but he has had two hemorrhages which indicate internal injuries.
